### **HBPA Pursuing Risky Venture – Clarification**

The HBPA has strongly requested a clarification of a portion of the Letter posted Tuesday, December 7, 2010. In the initial letter, I had stated that the HBPA Management had chosen to pursue the dispute resolution clauses of its contract without the consent of the HBPA Board of Directors. However, it has been brought to my attention that the HBPA Board of Directors approved the action and that “written documentary evidence” exists substantiating their approval. I apologize for the misguided statement and would like to thank the HBPA for their input.
